## EXPERIENCE RECORD

### SELECTED RESEARCH:

- 2010-11 **Greenland Climate Research Centre. Senior Researcher.** The West Greenland marine ecosystem and climate change – The socio-economic adaptation and governance challenges for fisheries management.
- 2008-2011 **CEC, Research DG. Senior Researcher.** JAKFISH: Judgement and Knowledge in Fisheries Management, a Research Project under the EU 7<sup>th</sup> Framework Programme.
- 2007-2008 **MarBEF – Marine Biodiversity and Ecosystem Functioning. EU Network of Excellence. Research Coordinator.** University to participate in Theme 3: Development of decision support systems. Main tasks: train and supervise MSc students on the socio-economic valuation of marine biodiversity in several case-study areas, conduct socio-economic valuation in one case study area; and contribute to the authoring of academic articles.
- 2006-2010 **CEC, Research DG. Work Package Coordinator and Researcher.** EU 6<sup>th</sup> Framework Programme. UNCOVER: Understanding the mechanisms of stock recovery. Coordinated by Federal Research Center for Fisheries, Germany. In charge of conducting social impact assessments of EU fisheries stock recovery plans, which includes investigation into disaggregation of affects by gender and social groupings
- 2006- Editor of the Commons Digest. Newsletter of the International Association for Study of the Commons.
- 2004-2008 **CEC, Research DG. Researcher.** EU 6<sup>th</sup> Framework programme. EFIMAS – Operational evaluation tools for fisheries management options. Coordinated by Danish Institute for Fisheries Research.
- 2005-2006 **CGIAR Challenge Program on Water and Food. Project Leader.** Project title: “Strengthening Fisheries Management Institutions in the Lower Mekong Basin through Collaborative Research and Data Synthesis across Multiple Scales.” Among the goals of CP projects are the alleviation of poverty and investigation into gender and resource sustainability issues. Research took place in Cambodia, Lao PDR, and Thailand (Songkram River). Research included a review of Cambodian fisheries and Community fisheries law; review of available materials on fisheries practices and tenure; review of governance and capacity. Both women and men were interviewed in all locales: methods included participatory rural appraisal, open-ended questionnaires, and key-informant interviews.
- 2004-2005 Assistant Editor of the Common Property Resource Digest.
- 2003-2005 **CEC, Research DG. Researcher.** EU 5<sup>th</sup> Framework Programme. PKFM: Policy and knowledge in fisheries management. Researched the intersection of science and policy in European fisheries management, with an emphasis on the role of culture and gender, especially as how gender impacted job satisfaction and success.
- 2003-2004 **CEC, Research DG. Researcher.** EU 5<sup>th</sup> Framework Programme. RESPONSIBLE. Sharing responsibilities in fisheries management. 2002-2004.

- 2003 **DANIDA. Researcher.** Coastal Resources Co-management: A worldwide collaborative research project. Undertaken by ICLARM and IFM in collaboration with national aquatic research institutions in South East Asia, Southern Africa and West Africa. 1999-2003. The project investigated the use of local ecological knowledge in the management of fisheries resources. In some areas division of labor along gender lines was found to be important.
- 1999 *Principal Investigator.* Japan. Dissertation research: Setting Nets on Troubled Waters: Social Responses to Environmental Pollution in Northeast Japan. (1999-2001). Focused on resource degradation, social networks, division of labor and gender issues among seaweed aquaculture households in Northeastern Japan.
- 1997 *Principal Investigator.* Japan: pre-dissertation research on Commons usage. May 1997-July 1997. Investigated commons and commons theory in aquacultural hamlets.
- 1993 *Principal Investigator.* Japan: follow-up research for Senior Honors Thesis entitled, "Women's Roles in a Japanese Fishing Community." January 1993. Focused on gender and division of labor issues among fisheries and aquacultural households.
- 1991 *Principal Investigator.* Japan: Undergraduate Senior Honors Thesis research: "The Lives of Fishermen's Wives in Japan," September 1991-July 1992. Focused on gender issues among fisheries and aquacultural households.

#### **CONSULTANCIES:**

- 2008-2010 **CEC. DG Fisheries and Maritime Affairs. Senior Researcher.** FISH/2006/09. Impact assessment studies related to the CFP; socioeconomic studies in EU fishing communities.
- 2007 **CEC. DG Fisheries and Maritime Affairs. Research Coordinator.** 0803.2007: "Profiling of small-scale fishing communities in the Baltic Sea." Work included establishing a social assessment methodology for the Baltic region and conducting baseline community profiles.
- 2007 **DEFRA. Advisor** to the North Sea Women's Network for a DEFRA funded UK Port study – the objective of which is to develop a framework within which socioeconomic data will be made more accessible to managers and people who need it.
- 2006 **ADB. Gender Specialist.** TA 6143\_REG: Promoting Gender Equality and Women's Empowerment - GAD Activity for Enhancing the Role of Women in Inland Fisheries in Cambodia.
- 2004 **DANIDA. Team member.** Consultancy supporting Data Analysis and Multidisciplinary Advice Provided to Decision-makers. Fisheries Sector Programme Support Sub-Component: ALMRV, Phase II, Vietnam. Worked to bring social science issues, including culture and gender, into the management process in Community Fisheries Profiles.
